- **EE:** Estonian Temperance Union
- **ES:** SOCIDROGALCOHOL
- **FI:** Finnish Centre for Health Promotion
- **FR:** Association Nationale de Prevention en Alcoologie et addicto
- **GB:** TISPOL
- **HU:** National Institute of Addictology
- **IE:** Alcohol Action Ireland

Partners 3

Collaborating Partners:

- **IT:** Associazione Eurocare Italia
- **LT:** Ministry of Health
- **LV:** The State Addiction Agency
- **MT:** National Focal Point for Drugs and Drug Addiction
- **NL:** STAP
- **NO:** Actis
- **PL:** The Institute of Health Psychology
- **PT:** SAAP
- **RO:** Ministry of European Integration
- **SE:** IOGT - NTO
- **SI:** Ministry of Health
- **SK:** Office of the Government of the Slovak Republic
- **TR:** Tobacco Free Life Association

Output

For each of the three topic areas the project has the following specific objectives:

- **To prepare and publish a 15-20 page review of the evidence for effectiveness and public health importance**
- **To create a data base and inventory of examples of innovative and best practice and experience (including relevant laws and regulations)**
- **To prepare and publish a 3-5 page summary of practical recommendations (Europe and Member State level)**

Tools

- **Multi-sectoral, multinational stakeholder network – 30 countries in Europe**
- **Expert meetings (Berlin, Paris)**
- **Session in Helsinki during the BtG Project**
- **Systematic reviews of published scientific literature**
- **Identification of examples of good practice by the Alcohol Policy Network (BtG)**

Meetings

First: expert meeting

Berlin, from 7th until 8th February 2006

Second: expert meeting

Paris, from 21st until 22nd June 2006

Third: session during the BtG Conference

Helsinki, November 2006

Dissemination

- **the reports will be available as paper copies and also as electronic versions, downloadable in PDF format**
- **European Commission, European Parliament, member organisations of the Commission's Health Policy Forum**
- **all involved European partners**
- **findings will be entered on the Internet site database**
- **Press conferences**

Timetable and Workpackages

	Start	End	1	2	3	4	5	6	7	8	9	10	11	12

WP 3	9	12												
WP 4	1	12												
WP 5	1	12												
WP 6	1	12												

Workpackage 1

Coordination of the project

Description of the work:

- Coordination with the main partners of the project
- Ensure timely delivery of all the project deliverables
- Convene and host two project meetings + final session
- Preparation of interim and final report
- Management of all financial aspects

Milestones:

- Month 2: First coordination meeting
- Month 6: Interim report and second meeting
- Month 11: Session
- Month 12: Final report

Workpackage 2

Dissemination of the results

Description of the work:

- Printing of the reviews and dissemination
- Placing of 3 reviews on the website of the keypartners
- University of Bergen will input the data and launch the Internet site database
- Printing of 3 recommendations and dissemination
- Placing of 3 recommendations on the website (keypartners)

Milestones:

Month 9: Printing a. dissemination of 3 reviews

Month 12: Printing a. dissemination of 3 recommendations

Month 12: Launch of Internet site database

Workpackage 3

Evaluation of the project

Description of the work:

- successes, failures, difficulties encountered with the implementation of the project

Milestones:

Month 12: Evaluation report

Workpackage 4

Systematic reviews

Description of the work:

- Undertaking systematic reviews
- reviewing and commenting the draft report by partners

Milestones:

- Month 3: Completion of systematic review of effectiveness
- Month 6: Completion of draft review on effectiveness
- Month 7: Completion of partner comments on review
- Month 9: Completion of review

Workpackage 5

Data base and inventory of examples of best practice

Description of the work:

- Identifying the examples of good practice
- Findings will be entered on the Internet site database (University of Bergen, CRIOC)

Milestones:

- Month 2: Completion of template for data base collection
- Month 6: Completion of data collection
- Month 10: Entering data on database
- Month 12: Launch of database

Workpackage 6

Practical recommendations

Description of the work:

- Drawing on the reviews and the database
- Preparation of summary of practical recommendations
- reviewing and commenting of the draft by the partners

Milestones:

- Month 2:** Completion of template for data base collection
- Month 6:** Completion of data collection
- Month 10:** Entering data on database
- Month 12:** Launch of database

Conclusions

- **one year project**
- **modest costs**
- **existing Alcohol Policy Network**
- **supports Alcohol policy in Europe in the topic areas**
- **improves the collaboration between the partners**
- **synergetic effects should be expected**

Now the project starts!

Thank you for your attention!
